

METRO DISTRICT BOARD OF DIRECTORS

Renee Anderson, Director

Renee moved to Highlands Ranch in 1991 and chose this community as her home because she loved the affordable housing in a beautiful, well-planned and well-run community. She likes many things about the Highlands Ranch community, including the parks and trails, the well-kept common areas through the district, all the activities -- in-door and out, as well as the small town community feel with all the comforts and needs nearby. She enjoys working toward making good things here sustainable.

Serving on the board provides opportunities to do just that. First elected to the Highlands Ranch Metro District Board of Directors in 2014, Renee was significantly involved in the startup of two charter schools, and is currently active with their foundation as well as the Highlands Ranch Park & Recreation Foundation. She holds a BS in Occupational Therapy from Colorado State University and works on call as a hand therapist. She and her husband Scott have been married for 15+ years and they enjoy raising their two terrific daughters.
