## About VtV Network

**The VtV Network has been created by Villages  
for Villages.**

<http://vtvnetwork.org>

VtV helps communities establish and manage their  
own Villages.

VtV has been developed in response to requests from  
Villages nationwide.

Village to Village Network:

- Village to Village Network (VtV) is a national peer to peer network to help establish and continuously improve management of their own villages whether in large metropolitan areas, rural towns or suburban settings.
- The mission of VtV is to enable communities to establish and effectively manage aging in community organizations initiated and inspired by their members.

Villages:

- are membership-driven, grass-roots organizations
- are run by volunteers and paid staff
- coordinate access to affordable services

including transportation, inspiring health and wellness programs, home repairs, social and educational activities and trips.

- offer vetted- discounted providers

### **Villages are based on the needs of your community**

One Stop Shopping: Villages do everything and anything that their members want and need.

Village models complement other community approaches to aging such as Naturally Occurring Retirement Communities (NORCs) and Area Agencies on Aging Programs.

**Currently, close to 100 Villages are operating across the country, in Canada, Australia and the Netherlands, with another 123 Village in development.**

"Most of us are learning as we go. So, from my view, all information about other villages and their strategic policy decisions and operating results are very, very valuable." **Dupont Circle Village**  
**Peggy Simpson,**

**Village to Village Network is sponsored  
by NCB Capital Impact and Beacon Hill Village**
