**Lebsack Tennis Center under new management**

The Highlands Ranch Metro District is excited to announce it has just signed an agreement with locally-owned Performance Tennis Management to manage and operate the Lebsack Tennis Center at Redstone Park. Lebsack Tennis Center is a United States Tennis Association Outstanding Facility Award winner. It features eight lighted tennis courts and an on-site pro shop.

Performance Tennis Management believes in supporting people's active, healthy lifestyles through tennis. Owner Mark Taylor says they plan to leverage the tennis center's location at Redstone Park and offer programs and events for all levels of players, as well as some new fitness programs designed for everyone. "We are excited to bring our staff and programming to Lebsack Tennis Center", said Taylor, "Redstone Parks is a true gem for the residents of Highlands Ranch and we plan to make the tennis center a place for everyone to enjoy."

Lebsack Tennis Center's opening day event this year is scheduled for Saturday, March 15, from 11 a.m. to 3 p.m. with free drills, open courts, a party atmosphere and more. "This upcoming tennis season will bring a lot of new additions to the programming at Lebsack Tennis Center," said Carolyn Peters, recreation & park services manager for the Metro District. "We're looking forward to seeing many players enjoying the courts and coming out for some fun on opening day."

Some of the new programming scheduled at Lebsack Tennis Center will include:

- Expanded hours of programming
- Before and after work tennis and fitness classes
- Increased junior programs
