CWSD Industrial Pretreatment Program

Industrial Waste Questionnaire

1)	Company/Owners name, mailing address, city, state, zip code and phone										
	Company Name: Mailing Address:										
	City/State/Zip:										
	Telephone No.:										
2)	Commercial, Production or Manufacturing facility location.										
	Company Name:										
	Address:										
	City/State/Zip:										
	Telephone No.:	Telephone No.:									
3)	Name of person authorized to represent this facility in official dealings with the District.										
	Name:										
	Title:										
	Telephone No:										
4)	Identify the type of business corpacking, food processing, etc.)	nducted (au	to repa	ir, machin	e shop, electroplating, painting, war	ehousin	g, printi	ng, meat			
 Provide a brief narrative description of the commercial, manufacturing, production or service activities your buconducts. Does your activity involve the use of any of the following (Please check the appropriate box Yes, No, or ? for the following (Please check the appropriate box Yes, No, or ? for the following (Please check the appropriate box Yes, No, or ? for the following (Please check the appropriate box Yes, No, or ? for the following (Please check the appropriate box Yes, No, or ? for the following (Please check the appropriate box Yes, No, or ? for the following (Please check the appropriate box Yes, No, or ? for the following (Please check the appropriate box Yes, No, or ? for the following (Please check the appropriate box Yes, No, or ? for the following (Please check the appropriate box Yes, No, or ? for the following (Please check the appropriate box Yes, No, or ? for the following (Please check the appropriate box Yes, No, or ? for the following (Please check the appropriate box Yes, No, or ? for the following (Please check the appropriate box Yes, No, or ? for the following (Please check the appropriate box Yes, No, or ? for the following (Please check the appropriate box Yes, No, or ? for the following (Please check the appropriate box Yes, No, or ? for the following (Please check the appropriate box Yes, No, or ? for the following (Please check the appropriate box Yes, No, or ? for the following (Please check the appropriate box Yes, No, or ? for the following (Please check the appropriate box Yes, No, or ? for the following (Please check the appropriate box Yes, No, or ? for the following (Please check the appropriate box Yes, No, or ? for the following (Please check the appropriate box Yes, No, or ? for the following (Please check the appropriate box Yes, No, or ? for the following (Please check the appropriate box Yes, No, or ? for the following (Please check the appropriate box Yes, No, or ? for the following (Please check the appropriate box Yes, No, or ? for the f											
	sure.)	Yes	No	?	Polycyclic Aromatic	Yes	No	•			
	Inks, dyes or paints				Hydrocarbons						
	Solvents or Degreasers				Nitrosamines						
	Flammables				Nitrogen Containing Compounds						
	Explosives				Radioactive Isotopes						
	Corrosives				Halogenated Aliphatics						
	Greases or Oils				Ethers						
	Pesticides				Monocyclic Aromatics						
	Herbicides				Phenols or Cresols						
	Metals				Phthalate Esters						
	PCB's & related compounds										

7)	This facility generates the following type	`	Check all tha l per day	at apply)		Est. gal per da	017
		Est. gai	i per day			Est. gai pei de	1у Т
	Domestic waste (restrooms, showers, e		Cooling water, no	on contact			
	Process waste			Cooling water, co	ntact		
	Equipment / Facility washdown			Air pollution cont	trol unit		
	Boiler / Tower Blowdown			Other (describe)			
8)	Are any liquid wastes or sludge from this system?	facility dispo	osed of by n	neans other than disc	charge to the se	wage	
	Yes No						
9)	These wastes may best be described as:		ted Gallons s per year	or		ated Gallons or ounds Per year	
	Acids / Alkalies			Pesticides			
	Heavy Metal Sludge			Plating wastes			
	Inks / Dyes			Pretreatment sludge	!		_
	Oil / Grease			Solvents / Thinners			
	Organic Compounds			Other (specify)			
	Paints			Other (specify)			
11)	Provide names and addresses of contrasolvents, sludge, etc.) Is a Spill Prevention Control Plan prepar Yes No If yes, please	ed for your fa	acility?	sites from your site	. (Cased Soliton	ins, ons, dry e	
12)	Number of employee shifts expected to b	e worked pe	r 24-hour da	у			
13)	Average number of employees per shift?						
14)	Check days of week this facility will be of Monday Tuesday Wedn		Thursday	Friday	Saturday	Sunday	
15)	Hours of each shift (Include AM and PM)					
	First shift Sec	ond Shift		Third Shift		<u> </u>	
	riefly describe the production process (incliditional sheets if necessary.	ude chemica	als, raw mat	erials, process flow	schematics, pl	ant layout, etc.	atta

17)	The	production	process is: (check ap	plicable)	
-----	-----	------------	---------------	----------	-----------	--

		Batch		Continuous		Both	
If batch proc	ess, the	average number of batches	per da	ny			
18) Is produ	ction ex	expected to be subject to season	onal v	variation?			
Yes		No					
19) Are there any process changes or expansions planned during the next three years?							
Yes		No					
If yes describe. If your facility expects to employ processes in any of the industrial categories below place the category or business activity.							

Adhesives and Sealant	Paint and Ink Formulation
Aluminum Forming	Pesticides
Auto and Other Laundries	Petroleum Refining
Battery Manufacturing	Pharmaceutical Preparation
Coal Mining	Photographic Supplies and Equipment
Coil Coating	Plastics and Synthetic Materials Manufacturing
Copper Forming	Plastics Processing
Electric and Electronic Components	Porcelain Enameling
Electroplating	Printing and Publishing
Explosives Manufacturing	Pulp and Paper Mills
Foundries	Rubber Products
Gum and Wood Chemicals	Soaps and Detergent Manufacturing
Inorganic Chemicals Manufacturing	Steam Electric Power Plants
Iron and Steel Manufacturing	Textile Mills
Leather Tanning and Finishing	Timber Products Processing
Mechanical Products Manufacturing	Dairy Products
Nonferrous Metals Manufacturing	Slaughter / Meat Packing / Rendering
Ore Mining	Food / Edible Products Processor
Organic Chemicals Manufacturing	Beverage Bottler

20) Pretreatment devices or processes used for treating wastewater or sludge prior to discharge to the sanitary sewer. (check all that are applicable)

A in Elegation	North-lighting and I compation
Air Flotation	Neutralization or pH correction
Centrifuge	Ozonation
Chemical Precipitation	Reverse osmosis
Chlorination	Screening
Cyclone	Sedimentation
Filtration	Septic Tank
Flow Equalization	Solvent Distillation
Grease or Oil Separation	Solvent Separation
Grease Trap	Biological Treatment (Specify)
Grease and Sand Trap	Other Chemical Treatment (Specify)
Grit Removal	Other Physical Treatment (Specify)
Ion Exchange	No Pretreatment Provided

If any laboratory analyses have been performed on the wastewater discharge(s) from a similar facility, attach a copy of the most recent data to this questionnaire. Be sure to include the date of the analysis, name of the laboratory performing the analysis, and the location(s), from which sample(s) were taken (attach sketches, plans, etc. as necessary).

Note to Signing Official: In accordance with Title 40 of the Code of Federal Regulations Part 403 Section 403.14, information and data provided in this questionnaire which identifies the nature and frequency of discharge shall be available to the public without restriction. Requests for confidential treatment of other information shall be governed by procedures specified in 40 CFR Part 2. Should a discharge permit be required for your facility, the information in this questionnaire will be used to issue the permit.

This is to be signed by an authorized official of your business after adequate completion of this form and review of the information by the signing official.

I have personally examined and am familiar with the information submitted in this document and attachments. Based upon my inquiry of those individuals immediately responsible for obtaining the information reported herein, I believe that the submitted information is true, accurate and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and or imprisonment.

Hazardous Waste Notification

The following notification is to inform your business of regulations governing hazardous wastes.

Your business must notify CWSD, EPA Region VIII Waste Management Division Director, and the Colorado Hazardous Waste Management authorities in writing of any discharge of a substance, which, if otherwise disposed of, would be a hazardous waste under subtitles C and D of the Resource Conservation and Recovery Act (RCRA). Such information must include:

- 1. The name of the hazardous waste,
- 2. The EPA hazardous waste number,
- 3. The type of discharge (continuous, batch or other), and
- 4. Certification that the industrial user has a program in place to reduce the volume and toxicity of hazardous wastes generated.

Additional information must be submitted if your business discharges more than 100 kilograms (220 pounds) of hazardous waste per calendar month, including the identity, mass and concentration of hazardous waste constituents in the wastes during a calendar month and that expected to be discharged during the following 12 months.

The notification needs to be submitted only once for each hazardous waste discharged, unless:

- There is a substantial change in the volume or character of hazardous wastes being discharged, or
- The industrial user is currently discharging a waste that subsequently becomes a listed or characteristic hazardous waste because of new RCRA regulations. In this case, an industrial user has 90 days to notify the appropriate authorities.

A business is generally exempt from the requirements during a calendar month in which they discharge no more than 15 kilograms (33 pounds) of hazardous wastes, unless the wastes are acute hazardous wastes as specified in 40 CFR 261.30(d) and 261.33(e).

Discharge of more than 15 kilograms (33 pounds) of non-acute hazardous wastes in a calendar month, or of any quantity of acute hazardous wastes, as specified in 40 CFR 261.30(d) and 261.33(e), requires a one-time notification. Subsequent months during which the business discharges more than such quantities of any hazardous waste do not require additional notification.

In addition to these reporting requirements, other requirements of the Colorado Department of Public Health and Environment's Hazardous Waste Regulations may apply to your facility. For more information, contact the Colorado Department of Public Health and Environment Hazardous Materials and Waste Management Division.
